Hi David,

I've rewritten the Mattel patent license opportunity that I would like to send to Mattel. Since it is a patent, I am wondering if it should be sent to Mattel General Counsel? Otherwise, I have two names from Mattel that have followed me on social media:

Jennifer Bennett, VP of Licensing

Dave Rosenblum, VP of Global Media

I do not know if these are this data is current.

This article <https://cointelegraph.com/news/mattel-sunsets-hot-wheels-virtual-garage-nfts> speaks of a new direction for Mattel. Maybe my patent opportunity could be the new direction.

Please review the document and add your contact information to the bottom if you agree with its wording.

Would appreciate you sending the appropriate Mattel contact.

Thank you.

Cindy
